

SN. 10/644,595

ATTORNEY DOCKET NO. NGBC:007

REMARKS

Applicants request that the Amendment after Final filed on 11 October 2005 be entered and considered. The remarks below addresses the Advisory Action dated 04 November 2005.

In the Advisory Action, the examiner argues that Koreishi (JP 11-208420) discloses the claimed superposing indicators in Figs. 18 and 20. Not true. Each of the pending independent claims calls for superimposing at least one of the superimposed indicators **on the image of a vehicle** itself parked adjacent to the target position, at a reference position at which the target parking position is viewable laterally of the vehicle.

Figs. 18 and 20 (or any other figure) of Koreishi do not disclose having any indicator of any kind superposed **on the image of the vehicle itself** parked adjacent to the target position. Note that Koreishi merely discloses superposing the indicators on the **target position** rather than on the image of the vehicle parked adjacent thereto.

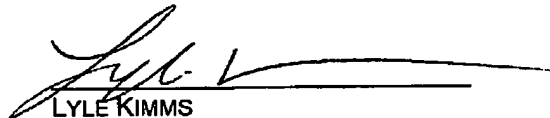

Applicants submit that claims 2-17 patentably distinguish over the applied references and are in condition for allowance. Should the examiner have any issues concerning this reply or any other outstanding issues remaining in this application, applicants urge the examiner to contact the undersigned to expedite prosecution.

Respectfully submitted,

ROSSI, KIMMS & McDOWELL LLP
